YOGESWARAN S

AI & FULL-STACK SOFTWARE DEVELOPER

Chennai, Tamil Nadu | +91 77080 29737 | yogeswaran.cse@gmail.com
LinkedIn Profile | GitHub Profile | Portfolio

PROFESSIONAL SUMMARY

Final-year B.E. Computer Science Engineering (Honours) student with internship and project experience in full-stack web development, Generative AI, RAG applications, and machine learning. Built MERN-stack and React/FastAPI applications, a document-grounded RAG chatbot, and an AI-powered Career Match Agent. Skilled in Python, JavaScript, React.js, Node.js, Express.js, FastAPI, SQL, and modern database technologies. Seeking an entry-level AI and full-stack software development role.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, C, SQL

Full-Stack Development: React.js, Node.js, Express.js, Django, FastAPI, Tailwind CSS, Spring Boot, REST APIs

AI / Machine Learning: Generative AI, RAG, LangChain, OpenAI, Ollama, Hugging Face embeddings, ChromaDB, scikit-learn, pandas, NumPy, Random Forest Regression

Databases: MongoDB, PostgreSQL, PostGIS, MySQL

Tools: Git, GitHub, Docker, Postman, VS Code, Gradio, Streamlit

INTERNSHIP EXPERIENCE

Full-Stack Web Development Intern | Carrow Thought Pvt. Limited | Jul 2025 – Aug 2025

- Developed a Resume Builder web application using the MERN stack.
- Worked on frontend, backend, form handling, and dynamic data rendering.
- Gained practical exposure to web application development and deployment concepts.

AI/ML Intern | Learnflu | Aug 2025 – Nov 2025

- Completed a three-month internship focused on AI and machine-learning fundamentals.
- Worked with Python, data preprocessing, model training concepts, and evaluation workflows.

Generative AI Intern | Oracle – Naan Mudhalvan (Adroit Technologies)

- Completed an online Generative AI internship under the Oracle Naan Mudhalvan initiative.
- Gained exposure to Generative AI concepts and applications.

PROJECTS

Sevai Hub | React.js, FastAPI, PostgreSQL, PostGIS

- Developed a geospatial service-discovery platform connecting users with nearby service professionals.
- Implemented proximity-based search, role-based authentication, technician verification, and emergency-service discovery.
- Used FastAPI and PostgreSQL/PostGIS for location-based queries and distance ranking.

Enterprise RAG Chatbot | Python, LangChain, OpenAI, ChromaDB

- Developed a document-question-answering application for uploaded knowledge-base files.
- Implemented PDF, DOCX, and TXT upload, text chunking, vector indexing, and semantic retrieval.
- Displayed source-document references alongside responses to support verification.

Career Match Agent | Python, Gradio, Job Search API

- Built an interactive job-search application using job titles or keywords and a minimum annual salary.
- Displays relevant job listings and career-preparation guidance, including skill analysis and learning resources.

International Conference Management System | MERN Stack

- Developed a full-stack conference management application using MongoDB, Express.js, React.js, and Node.js.
- Built a responsive UI with React, Tailwind CSS, and Vite; implemented CRUD operations for conference details, speakers, and registrations.
- Integrated REST APIs for frontend-backend communication.

Used Car Price Prediction | Python, pandas, NumPy, scikit-learn

- Prepared structured used-car listing data and trained a Random Forest regression model to estimate prices.

EDUCATION

B.E. Computer Science Engineering (Honours) | V.R.S. College of Engineering and Technology | 2023–2027 | CGPA: 8.6

CERTIFICATIONS

- Foundation of Generative AI — Oracle
- Python with Generative AI — VGLUG
- Artificial Intelligence & Machine Learning — Learnflu
- Prompt Engineering — Infosys
- Generative Models for Developers — Infosys
- Cloud Computing — Google
- Complete Web Development Bootcamp — Udemy
- Java Course Completion — SkillRack

ACHIEVEMENTS

- Region-Level Winner — EDII-TN Hackathon; selected for the 2-Day EDII-TN Bootcamp.
- Solved 850+ programming problems on SkillRack.
- Research Presenter — VGLUG Technical Discussion; Graduate Student Council Representative at VRSCET.
- Organized a National-Level Technical Symposium at VRSCET.
